GAME WITH PACIFIC IS LAST FOR FOUR GRIZZLY WARRIORS

Saturday Will Be Last Fray for Plummer, Jiggs Dahlberg, Christie and Taylor

The game next Saturday with the Pacific University will be the last time that four Grizzlies will don the moleskins and fight under the banner of the University of Montana. They are Captain Ted Plummer, George Dahlberg, Ralph Christie and Edward Taylor.

Captain Plummer has played on the Grizzly teams for the past three seasons. Ted received his early gridiron training while attending Stevensville high school and has always performed in an excellent fashion while playing for the University. Ted's punting has made him a valuable man on the team.

George Dahlberg came to the University in 1919 from Butte. In his first year he played on the Cub team. For the next two years he subbed for Daylis and Madsen. This season Jiggs got his first chance at a regular berth and he has played stellar ball, gaining a reputation for being one of the best ends in the state.

Ralph Christie enrolled in the University in 1920 and played quarter on the Freshman team. Ralph never played a regular halfback but he has earned two letters in the major sport. He always played hard and deserves a lot of credit.

Edward Taylor hails from Missoula. Ed has been out for football for three years. This year he has had a fine opportunity to gain his M as he has only one more quarter to play and he will probably play that next Saturday against Pacific University.

YWCA TO MEET.

YWCA will hold a special Thanksgiving meeting in Mail hall auditorium Wednesday afternoon at 4 o'clock. Miss Grace Mountcastle, social director of North hall, will give a reading, and Miss Maude Gwinn has arranged a musical program. Every girl in school is urged to attend.

JANUARY 4 IS DATE OF ART LEAGUE BALL

Plans for the Art League ball, an all-University affair, to be held January 4, are steadily progressing, according to Josephine Modlin, president of the Art League. Novelty dances will be the feature of the evening.

Tonight will be the regular studio night for the Art League. All students interested in the fine arts are invited to come. There will be drawings of live models, and refreshments will be served at the close of the evening.

Delta Phi Delta, national art fraternity, will give several art exhibits during the year. These will include drawings in still life, pastel, charcoal, casts, and portraits of figures in the advanced classes in oil, pastel, and charcoals.

SOUTH HALL RESIDENTS ENTERTAIN WITH DANCE

Residents of South hall entertained at a formal dance Saturday, November 24. The lower floor was elaborately decorated in pastel shades.

Dr. C. H. Clapp, Miss Grace Mountcastle, Miss Inez Bozorth, Professor H. G. Owen, and Professor E. L. Freeman were patrons and patronesses.

Sheridan's five-piece orchestra furnished the music.

STUDENTS REGISTER FOR WINTER QUARTER

Students Must Enroll on Scheduled Time or Pay Late Registration Fee

Advanced registration for the winter quarter started yesterday and will continue till Friday, December 14. For the purpose of simplifying registration and doing away with the rush usually attached to it, the student body has been divided into three alphabetical groups.

Students with names beginning with letters from A to G, inclusive, will have till Friday at 4 o'clock to complete their registration. Those students whose names fall between H and M inclusive will have from Monday, December 3, till Friday, December 7, to register and those whose names start with letters N to Z inclusive will register on the following week, December 10 to December 14.

Students must finish their registration at the time indicated above. Otherwise a late registration fee of two dollars will be assessed. Students must also present their handbooks at the time of application for registration.

It is expected that there will be a larger attendance at the University during the winter quarter, due to the fact that many students who were suspended at the end of the spring quarter last year have signified their intentions of coming back to school next quarter.

The schedule of examinations for the fall quarter has not yet been made out. Examinations will start Tuesday, December 18, and the winter quarter will begin January 3.

LIBRARY IS RECIPIENT OF VALUABLE GIFTS

Major George L. Smith Donates Books, Casts and Journals to University

"Some very fine gifts have been received by the library from Major George L. Smith," stated Miss Gertrude Buckhous, librarian, yesterday. "These include some of Sir Walter Scott's novels, an Art Journal, Picturesque Journal, and the Turner Gallery."

The two journals and the Turner Gallery contain some very fine prints and engravings, according to Miss Buckhous.

Four casts including the Robia, Cantoria frieze in two sections, and two of Donatello were also presented. The first two are of boys singing from books, and boys playing trumpets. The two casts by Donatello are of St. John, and Madonna and Child. These works are considered fine, and are valuable both from the art and pecuniary standpoint, Miss Buckhous stated.

All new books that come into the library will be placed upon a shelf in the librarian's office, where all those who are interested in the new books before they are put on the shelves may look at them.

These shelves will include all new books that are received. The books will be changed every week, and the older ones will be put into circulation.

Alpha Tau Omega announces the pledging of Arthur Aspengren of Bainville and George Elliott of Polson.

SIGMA DELTA CHI GOES INTO W. S. C.

A chapter of Sigma Delta Chi, national professional journalism fraternity, was granted Alpha Delta Mu of Washington State college at the convention at the University of Minnesota in Minneapolis last week. Charles Gleeson, delegate from the Montana chapter, said upon his return yesterday.

An increase in the initiation fee of \$15, which will go into an endowment fund for the Quill, official publication of the organization, was also made. Next year's convention will be held at the University of Indiana in Bloomington, it was decided.

WANTED, TROUSERS!

Five (5) pairs of white flannel trousers for "Going Up." Please leave at Mr. Williams' office on the second floor of Main hall.

DEAN SEDMAN RETURNS FROM GIRLS' CONGRESS

Dean Harriet Sedman returned Sunday from Bozeman, where she attended the ninth annual high school girls' vocational congress.

"The thing that impressed me most at the congress was the night that all of the high school girls, dressed in white, formed a procession and lighted their candles at the Candle of Knowledge," was the statement made by Mrs. Sedman yesterday.

Some of the high lights of the congress included the talks made by Mrs. Olson, a candidate in Minnesota last year for the United States senate. Mrs. Olson was the principal speaker of the congress. The college girls put on a play-let entitled "Alice in Wonderland" the night that their guests arrived. Teas were given by the home economics department and Hamilton hall.

Seven University Men Named on Rocene's All-State Team

Ray Rocene, sports writer for the Missoulian, gave seven Grizzlies berths on his mythical All-State team. Two positions were granted to the State College and two to the School of Mines. Rocene divided the state teams into two classes—University of Montana, State School of Mines and the State College in class A and Intermountain Union and Mount Saint Charles were placed in class B. Rocene placed Hober of the School of Mines and Ted Plummer of the University on a par and let them share the halfback position.

Ted Ilman was granted the fullback position without a doubt, and there was little argument in the selection of Silvervale for quarterback. Floyd Romney of the State College was given a halfback position. Romney did not show much against the Grizzlies but he played excellent ball in the other state contests. Hober and Plummer are 50-50 on the other halfback position.

The ends go to the Dahlberg brothers. The critic states that they were head and shoulders over the rest of the crop of wings in the state. Shaffer was picked for center over B. Plummer because of his experience and ability to drop back to the defense.

Meagher was given a tackle position because of his fight and spectacular playing this season. Baier of the School of

Mines was granted the other tackle. Maudlin, shifted from tackle to guard, was given first choice for the guard position. Hannon of the State College was granted the other guard position because of his exceptional playing.

Honorable mention was given to the following men: Ends—Havey, School of Mines; P. Romney, State College; Russell, Intermountain Union.

Tackles—Pitt, State College; Whitcomb, Intermountain Union; Sullivan, St. Charles.

Guards—Hyde, State University; Dempsey, St. Charles; Shiersen, Intermountain Union.

Center—B. Plummer, University. Quarterback—Walsh, School of Mines; Hagen, Intermountain Union.

Fullback—McWilliams, School of Mines.

Halfback—Johnson, State University; Hatfield, State College; Mitchell, Intermountain Union; Sugrue, State University.

The sport critic picked an all-state Freshman team in the following way:

Ends—DeVeber and Burrell.

Tackles—Crimmins and Levine.

Guards—Fletcher and Cogswell.

Center—Kain.

Quarterback—Kelly.

Fullback—Ritter.

Halfbacks—Place and Sweet.

NOVEL PROGRAM OFFERED AT BARRISTERS' BALL

Sheridan's Orchestra to Furnish Music for Dance December 14—To Be Formal for Women

"A special program will be a feature at this year's Barrister's Ball," stated Ronnie McDonnell, manager of this year's dance for the lawyers and their friends to be held at the Winter Garden, Friday, December 14. Sheridan's six-piece orchestra will furnish the music.

"The management of the hall will not allow the ceiling decorations to be tampered with," he went on, "but the walls will be decorated as well as possible. Instead of the straight hard chairs we will supply davenport for those who wish to sit out a dance or two. Floor-lamps will also be placed in appropriate corners.

Like last year, the dances on the program will be each given a name and we expect to have something novel that will please the dancers. Punch will be served by members of the bar just outside the door to satisfy the thirst of the dancers.

"The dance will be formal for women only. If any men come dressed in tuxedos or full dress uniforms they will be politely asked to change their attire—at home.

"One hundred and twenty-five tickets will be sold as that is all the hall can hold without over-crowding. The tickets will be \$1.50 a couple. If possible, we are going to try and arrange it so that the women can have one o'clock permission."

Amelia Fergus '25, who has been visiting in Missoula for the past week, returned to her home in Lewistown yesterday. She plans to attend school again in the winter quarter.

LOST—Directors' score for music of "Going Up." Finder return immediately to Roger Williams.

Students Saw Wood At Friday Classes After Thanksgiving

Friday, the day of reckoning was at hand.

All through the classroom there was a note, a tense note—soft hissing and soothing. The tenseness came from student necks, the tone from student noses. They were fast asleep. With necks thrown back over the chairs and mouths slightly agape and gurgling and hands folded on benign stomachs they spoke not, neither did they think. They only dreamed and gave thanks. Dreamed of devastated turkeys and plunking plum puddings and gave thanks they had eaten no more. They couldn't. Nothing bothered or mattered—just sleep, that drowsy lulling goddess—to commune with her, accompanied as they sat in this Temple of Sleep, called classroom, by the crooning lullaby of professorial chanting.

"Can anyone trace the history of Turkey—er—er—I mean Greece?" sighed the drowsy professor.

His weak question was greeted by a slight rustle as the students settled down to Friday's business. A few sundry snores was his reply.

"Again I ask," he said in a tired voice, "can anyone—er—tell me—what did I ask? Oh—I give up anyhow! I can't instruct the day after Thanksgiving!"

And with a weary sigh he brushed a stray crumb of celery from his mustache and settled in his seat.

And then the class settled down for an intense study of practical digestion.

ALPHA PHI DANCE.

Alpha Phi will entertain with a dance at the chapter house Wednesday night, November 28. Music for the affair, which is to be informal, will be furnished by Sheridan's orchestra.

Pledges of Delta Sigma Chi gave an informal dance for the pledges of other sororities at the chapter house Thursday from four to six. Decorations were carried out in Thanksgiving design.

GRIZZLIES WORKING HARD FOR LAST GAME OF YEAR

TICKET SALE HAS BEGUN FOR UNIVERSITY COMEDY

"Going Up" Will Be Presented at Wilma Thursday and Friday Evenings of This Week

This is the week of "Going Up." Harold Reely, business manager, started the ticket sale Monday. The play will be given in the Wilma theater Thursday afternoon and evening and Friday evening.

"Going Up," according to critics, is an unusual combination of four things, art, music, drama and dancing. The musical comedy started as a play, "The Aviator." This ran a year in New York City before it was reworked into a musical comedy. As a successful humorous play it had to have both dramatic story value and clever lines, and made an exceptional foundation for a musical comedy. The usual musical comedy has only a skeleton of a plot as an excuse for the singing and dancing, hence requiring little acting ability on the part of the cast.

"The Aviator" has undergone a second change and has been made into a motion picture, starring Douglas McLean. Roger Williams, dramatic director, states the play must have had much original humor or the movie would not succeed. However, the movie has been a success. It played in Missoula in October.

Tickets for "Going Up," the musical comedy which will be given in Missoula Thursday afternoon and evening and Friday evening, November 29 and 30, are on sale at the campus store today to enable students to have first choice of seats. After tomorrow tickets will be on sale at the Wilma theater.

PEP RALLY TO PRECEDE GRIZZLIES' DEPARTURE

Yell Leader Boldt Urges Students to Help in Giving the Squad a Big Send-Off

Gid Boldt, Varsity yell-leader, urges everyone to turn out for the pep rally at the N. P. station to give the Grizzlies a rousing sendoff at 10:30 Thursday when they leave on No. 1 for Portland to clash with Pacific University Saturday.

Boldt says that there is no excuse for anybody who misses this rally as there will be no classes Thursday and it is the last game of the year. A good sendoff will do much to encourage the Grizzlies and help them secure a victory over Pacific U which will mean two conference games won this year and a percentage of 500. We gave the Grizzlies a warm welcome when they returned from Seattle after putting up such a game scrap against the Huskies, but we want a rally that will put that one into the shade, according to Boldt.

SCABBARD AND BLADE INITIATES.

Custer Keim of Missoula and Gordon Reynolds of Stevensville became members of Scabbard and Blade, national military fraternity, at an initiation in the ROTC building Sunday.

NOTICE

Wanted—For "Going Up," red sleeveless jackets. Call Marjorie McRae, 1953.

Stewart Urges Men to Keep Fit for Tough Game With Pacific U

Coach Stewart is urging the members of the Varsity to keep in the best possible condition and is running the Grizzlies through stiff workouts in preparation for the game with Pacific University at Portland, December 1.

Last Saturday Pacific University crushed Willamette 18 to 0. The best that Whitman could do against Willamette was 10 to 0. Comparative scores give Montana a slight edge over the Oregon team. Pacific has a big team and many veterans are in the lineup as ten letter men from last year's team are back on the squad. Should the coast team win from Montana next Saturday they will finish ahead of Montana, Whitman and Willamette, with two games won and three lost. If Montana loses she will have won one game and lost two, but if she wins she will finish with a percentage of 500 and go into a tie with W.S.C., Oregon and O.A.C. for third place in the first division of the Northwestern conference.

The standing of the conference after last Saturday:

	Won.	Lost.
Washington	5	0
Idaho	3	0 (one tie)
Oregon	3	2 (one tie)
Wash. State College	2	2 (one tie)
Oregon Aggies	2	2 (one tie)
Montana	1	2
Whitman	1	3
Pacific	1	3
Willamette	0	4

The Varsity will leave Thursday morning for the coast. Coach Stewart will take 18 men on the invasion into Forest Grove, the home of Pacific University. The Grizzlies are anxious to don their war tags and tear into the new addition to the conference. All of the members of the team are in fine condition after their lay-off of several days and should take the Oregon team to a cleaning next Saturday.

SUPREME COURT POWERS IS DEBATER'S SUBJECT

Gid Boldt, Frank Kelley and Paul Anderson will discuss the right of the Supreme Court to annul acts of Congress at the debate discussion group which will meet Thursday, December 6, in room 305 of the library. Russell Niles and Einar Strommes will start the discussion at the Open Forum Sunday night, December 9.

Last Thursday the discussion was on the proposition that the United States should join the League of Nations. Grover Johnson supported the league and Louis Aranosky led the opposition. Russell Niles led the discussion and criticism after the debate.

RECEIPTED DOCTOR BILLS MUST BE IN BY DECEMBER 17

Students must present all receipted bills for claims against the health service not later than December 17, according to Mrs. LeClaire, University nurse.

NOTICE PRE-MEDICS

Sigma Sigma will meet November 28 in Natural Science auditorium at 7:30. Dr. C. L. Henderson of the Thornton hospital will speak.

CLAUDE PETERSON, President.

Budget Compiled by Bear Paw Shows Organization's Expense

The budget for the current year prepared by Stunt Duke Bill Gallagher for the Bear Paws estimates the following receipts and expenditures:

Allowance from student activity fees	\$90.00
Expenditures:	
Stationery, telegraph, etc.	\$ 4.00
Delegate's expenses to convention	31.00
Gasoline (meeting teams, track meet, etc.)	25.00
Hire of cabs and busses	15.00
Stunts	10.00
Insignia	5.00
	\$90.00

Sophomores to Have Balance According to Class' Budget

The Sophomore will have a treasury balance to carry over into next year, according to the budget for this year prepared by President Edwin Buck:

Estimated receipts (class dues)	\$240.00
Expenditures:	
Sophomore dance	\$120.50
Signs for meetings	4.00
Miscellaneous	15.00
Total	139.50
Probable credit balance	\$100.50

Will You Help?

THE TEAM leaves Thursday morning at 10:30 to play Pacific university in Portland Saturday. It will be the last game of the season for the Grizzlies. If they win, they will go into a tie for third place in the Northwest conference, and give Montana the highest standing it has ever had in Northwest conference football.

The Grizzlies' start this season was unfavorable, but the team never lost the support of the student body. The result has been a revelation—the squad found its strength as the season advanced, and provided the sensation of the year when it threw a scare into Washington by holding the Huskies to a 26 to 14 score.

The Aggies never had a chance November 17, especially when more than four hundred students made the trip to Bozeman for the game.

It is such support that the team needs to close the season successfully. If Montana can show the squad that it is solidly behind it, Pacific university cannot win Saturday.

University students can pave the way for another victory by seeing the team off at the Northern Pacific station Thursday morning.

Going Up

IN "Going Up," the State University Masquers present their first efforts at musical comedy Thursday and Friday. The comedy chosen by Mr. Williams for the first musical production of the organization is, as were his choices of other plays, one not habitually given by amateur players. It is an up-to-date show—spicy, breezy—one that has been met with enthusiasm whenever produced on the professional stage.

Mr. Williams and Dean DeLoss Smith have, in "Going Up," gathered most of the talent of the University. The result of their efforts, those who have seen rehearsals say, has far exceeded their expectations. "Going Up" will at least be on a par with former Masquer productions—and that means much, for the organization has acquired a reputation for putting on good shows.

There will be plenty of good singing, lots of good dancing, and some good acting. The Masquers' first musical comedy is being awaited with interest.

Epsilon is second, and Beta Theta Pi holds third place in the list, with Kappa Sigma and Sigma Chi taking fourth and fifth places, respectively.

Ohio Wesleyan.—Gamma Phi Beta national sorority has granted a chapter to Delta Psi, local women's organization. Installation of the chapter is to take place in the near future. There are fifteen girls in the local chapter.

By order of the women's upperclass committee, all women students at the University of Nevada must carry pennants to football games. Women without pennants will not be allowed in the bleachers.

Broadcasting courses at Springfield by arrangement with the university extension in Massachusetts, is possibly the first step towards a radio college, whose students will take notes in their own homes on lectures given miles away.

The dean of women at the University of Washington has made a dress budget for women students, in which she estimates the amount a woman student should spend on her clothes yearly. The average allowance is \$264.30 if the girl makes none of her own clothes, and \$192.14 if she does. The minimum amount is \$106.96. The girls at the university declare that this is too small an

amount to dress well on, according to the University of Washington Daily.

Freshman girls at the Central Missouri State Teachers' college are required to wear green stockings on the campus.

Shop Early---Shop Now!

Let us urge that you do your holiday shopping at once.

Waiting until a few days before Christmas to make your selections of gifts is liable to be attended with disappointment.

Stocks are then reduced and choice is limited.

Right now our collection of goods for gift purposes is complete and interesting.

And this is the time to enjoy the greatest satisfaction from the pleasures of Christmas buying.

WAR DEPARTMENT PLANS NEW CADET UNIFORMS

Distinctive Uniform in 1926 for Members of ROTC if Present Government Plans Go Through

The war department intends to have a distinctive uniform for ROTC units, said Major G. L. Smith yesterday, if present plans can be carried out.

In a letter authorized by the secretary of war and sent out to the commanders of all university units, the war department says: "In the reports received this year on matters pertaining to the ROTC, considerable stress has been laid upon the desirability of a distinctive uniform for the ROTC."

"The reason we cannot get the distinctive uniform before 1926, is that appropriations for providing members of the ROTC with uniforms for the present fiscal year and the fiscal year 1925 have been based upon issue of surplus stocks of uniforms and material now on hand. This makes it impossible to provide a satisfactory distinctive uniform before 1926. Some improvement will result from action now being taken by the quartermaster general in making a survey of existing stocks of wool clothing for the purpose of disposing of all garments which are not suitable for issue by reason of inferior materials, color and workmanship."

"As work on the estimates for the fiscal year 1926 will begin in March 1924, the subject of uniforms must be carefully studied prior to that date. It is desired, therefore, that you cause a careful study to be made on this subject and make a report with definite recommendations on or before February 1, 1924. In making this study consideration should be given to the following items: 1. Design (breaches or trousers, hat or cap, etc.); 2. Color (should a distinctive ROTC color be used instead of the regulation O. D.?); 3. Material; 4. Distinctive insignia; 5. Cost; 6. Issue by commutation or in kind; 7. Uniformity (should it be one distinctive uniform for all units, Senior division, Junior division and essentially military schools?)."

ROTC BREVS.

In the future clothing will be issued from the new ROTC supply room in the ROTC building, said Sergeant M. Kirkwood, supply officer of the battalion.

Lieutenant M. R. Rutherford of the First company has left school and is going to California. He expects to attend Stanford or the University of Southern California during the winter quarter, and will be back here in the spring.

All cadets who intend going to a summer camp next year were asked by the instructors to state their preference of either Camp Lewis, Washington, or Del Monte, California. The consensus favored Del Monte and Major G. L. Smith recommended to the Ninth Corps Area headquarters that the next summer camp be held at Del Monte, California.

Lieutenant C. Newlon has quit school to work for his brother, who is sheriff of one of the northern counties of the state. He will be back the spring quarter.

Major G. L. Smith says that there will be no one appointed in the places of Newlon and Rutherford, as the battalion has an over-supply of officers.

Annabelle

Takes in the Phi Sigsters

Dear Maw: I went last night for eats Down with the Phi Sig athletes. Then sat around on window seats, A-kiddin' them along. Jelly Elliott called for me. Then we proceeded merrily To take on lots of toast and tea, And Van Camp's Pork and Beans.

Gee, Maw, they got a dandy home, They keep it clear of dust and loam, With lots of room for guests to roam Around and look at pictures. When I got there they shook my hand, Smiled at me, made me feel grand, And introduced me to the tanned John Shaffer, All-State center.

We sat right down to eat the grub, Then commenced the soup hubbub, I noticed Doggett's elbows rub In my mayonnaise. A Phi Sig brother kicked his foot, Spike looked up and quickly took The hint; then started in to put The food in with more dignity.

I also had the extreme pleasure To meet Doc Marshall; at his leisure Doc eats there—a safety measure, Protection 'gainst bad eats. I got a hunch there pretty quick That Scot McMillan was real sick. You ought to see that brother lick Up the Van Camp soup.

Then a big long guy named Zeke, From Pony, and a brother Greek, Puts his head close to my cheek, And whispers: "Have a drink?" But Maw, I wasn't thirsty then. I don't see why those horrid men Smiled and laughed and tittered when I said: "No, I've had a planty."

After supper was cut short We hied us to the davenport And listened to the gas-fire snort Up the chimney flue. Then this guy Sullivan gets real cute, Sits beside me, tries to shoot A good line, but he got the boot. Chick Gleason's better looking.

For good old Chick, he took me back Up to the dormitory shack. Say, there's nothing he don't lack Counting personality. And they really got 'way big With me, for I'm a strong Phi Sig From now on. I could really jig, Because I feel so thrilled. Next time, Maw, I'll write and tell About the Phi Dels.

ANNABELLE.

Word has been received from "Biscuits" Driscoll, who is at Stryker, Montana, that he will return to school next quarter.

Youths with a breast measure of 35, 36 and 37 will find, just now, some very attractive values among our uncalled-for suits.

SORORITY CARNIVAL LAST FRIDAY NIGHT SHOWS RARE SIGHTS

Music, laughter, painted ladies, characters portraying gypsies and witches, and every other essential that goes to make up a qualitative carnival, were enacted at the Delta Gamma house last Friday night.

The biggest feature was that concession managed by "Miss" Nat McKown, where during the entire evening a bevy of virtuous young men filed, paid their nominal fee, and osculated a pretty maiden's face. Whilst Tom Thumb, in his corner, stood aghast at such proceedings, the lady purporting to be direct from Borneo screamed aloud at such an act of impropriety. The idea of kissing a member of her own sex in her presence was enough to make any respectable wild lady wilder. It was ascertained that this concession was among those rated most profitable, with the exception of the bar, conducted downstairs.

Here was found Doc Jesse's worst enemy before Volstead stepped in and tipped the cask into the river. "Tell me," whispered one, reminiscing of the good old days, "is it real?"

CALIFORNIA TRACK COACH CHOSEN FOR OLYMPICS

University of California, Nov. 21.—Walter Christie, University of California track coach, was today chosen as one of the thirteen track and field coaches from which not more than twelve will be ultimately selected to make the trip to Paris in 1924 with the American Olympic team, by the National A. A. U. in session at Dertoit. Lawson Robertson, University of Pennsylvania coach, was unanimously named as head coach.

"Do you know, Charles," she said, "I think you were just made for me." "Well, dear," Charles functioned, "I'm sure you were made for me." And then they made for each other. —Pelican.

ANACONDA AND BILLINGS FIGHT FOR STATE TITLE

Championship Game Will Be Played in Butte Thursday; Harlowton Out of Race

Billings high clashes with Anaconda high for the State High School championship at Butte Thursday. Anaconda's 27 to 10 triumph over Harlowton Saturday gives the Smelter city crew the right to meet Coach Cub Daylis' speedy Billings eleven. After failing to penetrate the stiff Harlowton defense for the entire first half of the contest Saturday, and trailing the Northern district representative 8 to 0, Anaconda opened up with a sensational aerial attack in the third and fourth quarters, that netted them four touchdowns and victory.

Last year's interscholastic winner, Miles City, was defeated in the semi-finals by Billings, 22 to 15. Missoula copped the honors in 1921. Billy Kelly at quarter, and Ted Ilman at fullback were the stars of Coach Orr's eleven that year. In 1920 Billings and Anaconda met for the title with the Sugar city boys the favorites, but Coach Rolfe's crew upset the dope and trounced Billings 17 to 0. Captain Vincent Crimmins, tackle of the Grizzly Cubs this fall; Pat Sugrue, halfback, with the Grizzly squad, and Eugene Murphy, end, on the Grizzly squad, were members of the championship Anaconda team of 1920. Russell Sweet, Grizzly Cub halfback, was the only member of the championship Miles City team of 1922 on the yearling eleven.

The protest that Billings high has no right to meet Anaconda for the championship because of the alleged ineligibility of Sweetman of Billings, has not been allowed, according to latest reports.

LAWYERS' SMOKING ROOM TO BE COMPLETED SOON

Room to Be Devoted to Men Who Desire to Discuss Problems of Law Which Interest Them

The lawyers' smoking and rest room will be one of the rooms on the first floor which will be completed by the end of next week, said Dean C. W. Leaphart of the law school.

"This is a room devoted solely to the men who desire to come out and talk over the problems that confront them in the classroom," he continued, "and they will be able to smoke, read or study—in whichever mood they happen to be."

"It will also help to acquaint the lower classmen with the upper classmen of their chosen profession. The atmosphere will be charged with the discussion of lawsuits and other things dear to the heart of the lawyer and the men will be urged to spend as much of their spare time as possible with each other."

The chairs and tables of the former library reading room will be used to furnish the lounge room. Information pertaining to any other furnishings could not be obtained at the present time.

NOTICE.

All girls who are collecting money for the Women's Athletic association please meet with me in the women's gymnasium Wednesday at 4 o'clock.

LURENA A. BLACK.

STUDENT STORE SCENE OF STRENUOUS STRIFE

Speaking of carnivals, Morris, Wee and Obbie put on a little side show all their own Saturday afternoon in the campus store, when they presented a stunt entitled, "How Not to Catch a Mouse."

Morris, always "At Your Service," saw a mouse standing in the middle of the floor, and since it happened to be the only customer in the store at the time he approached it eagerly, calling on Wee and Obbie to help him. Wee thought Morris called "tackle" and in an instant was down on all fours after the mouse, with Obbie on top of him. All kinds of football tactics were used just long enough for the mouse to escape. Wee expects to demonstrate a new play at Portland this week-end.

FRATERNITY HOOPSTERS GETTING IN CONDITION

Eight Greek Teams Practicing for Annual Battles for Championship

Practice for the opening of the interfraternity basketball series December 3 has been in full swing for the past two weeks. A regular practice schedule has been posted in the various houses, and the gym is used by team aspirants from two houses each night.

Previous to this year the interfraternity games were played after Christmas, during the regular basketball season, but the Athletic department changed the schedule in order that long-practices will not interfere with the Varsity and frosh practice. The new plan will also give the coaches a chance to get a line on promising material for the Grizzly and Cub fives this winter.

Alpha Delta Alpha and Sigma Phi Epsilon meet in the first game of the series. Seven games will be played in all, the loss of one game eliminating any team. It is necessary for one fraternity to win the championship cup three times before securing permanent possession of it. Three fraternities—Sigma Chi, Phi Delta Theta, and Phi Sigma Kappa, have each won the cup twice.

The schedule follows:

First game—Alpha Delta Alpha vs. Sigma Phi Epsilon.

Second game—Sigma Alpha vs. Sigma Chi.

Third game—Phi Sigma Kappa vs. Alpha Tau Omega.

Fourth game—Sigma Nu vs. Phi Delta Theta.

The winner of the first game plays the victor of the second fray, and the winner of the third game meets the winner of game four. The winner of the first set meets the winner of the second for the cup.

DAILY CALIFORNIAN PUBLISHES PAPER DURING STANFORD GAME

University of California, Nov. 26.—Two special editions of the Daily Californian were sold Saturday and contained the full story of the "Big Game" with Stanford up to, and including the final score. The first edition went on sale immediately following the third quarter and contained a running story of the game up to that point. The second edition was issued after the game and concluded the story.

In addition to the football extras, a special edition in honor of the alumni home coming was issued Friday.

ADAMS TO TAKE CHARGE OF FROSH SQUAD DEC. 10

Men New Under Supervision of Badgley—Candidates Have Not All Turned Out for Practice

Coach Harry Adams will take charge of the Grizzly Cub basketball squad December 10, the same day that Coach Stewart assumes command of the Varsity squad. For the past month the Cub squad has been under the supervision of Kirk Badgley, Varsity hoop star. The squad has been reduced from more than 60 Cub aspirants to 37.

Badgley has divided his squad into six teams and has arranged a series of games for these teams. The squad works out three times a week—Mondays, Wednesdays and Thursdays. Badgley has scheduled three games a night for his teams on practice nights. Nine games are scheduled for this week.

All the Cub football men expected to report for basketball have not turned out yet, but will be in uniform by December 10. Of the six squad teams one is composed of football men, one of upperclassmen, and the other four of the other candidates for the Cub squad. Each of the teams has an appointed captain.

Badgley is well pleased with the form shown by several of the men and expects to have the squad in good shape for Adams. Two weeks of tough practice, which will consist mostly of the stiff practice games, will toughen every member of the squad and greatly facilitate the picking of the regular squad.

Dan Hoblitt, ex-'26, is a visitor at the Phi Sigma Kappa house.

Otis Baxter, '16, was a guest at the Phi Sigma Kappa house Sunday.

Creagh Newlon '25, left for Glendive Thursday.

"What a difference just a few cents make!"

FATIMA

Real Service Must Be Engineered

Many of the men whose names are writ large in engineering history are design engineers; men like Westinghouse, Lamme, Stanley, Hodgkinson, Tesla, Shallenberger. Their inventions have the quality of usefulness, of reliability, of productability; which is an involved way, perhaps, of saying that they have the primary requisite of all really great inventions: Serviceability.

Engineering history abounds in instances of near-genius that produced no product, and of great developments that never reached completion; and most of these instances are explained by the lack, somewhere in the system, of that ability to give real Service.

Service, in a machine or a system, or wherever you find it, is not there by accident but because it was incorporated by men who understood what was required and knew how to provide it.

Much more is required of the designer than facility in calculation and mastery of theory. He must have first hand and thorough familiarity with manufacturing operations and with commercial and operating conditions. It takes more than mere ingenuity and inventiveness to design apparatus that will be really serviceable and will "stay put."

The design engineer, in the Westinghouse plan, is responsible for the performance of the finished product. He cannot possibly have the proper understanding of operation unless he operates and tests, unless he spends time and thought in investigation and study, not in the laboratory or drawing room, but right on the operating job. Here, most of his ideas will develop; and here he will see and prepare for all the different things which the product will later have to encounter. Then when he comes to put his creations on paper, his calculations will be necessary and helpful to check the conclusions which he has reached, and this right use of them requires training and a high degree of understanding. This proper balance of the physical and mathematical conception of things is what constitutes engineering judgement.

It should be thoroughly understood that the primary function of the design engineer is the conception and the production of new or improved apparatus, and familiarity with the practical is essential to the proper discharge of this duty.

It is this view of designing that makes this branch of Westinghouse engineering so important, so effective, and so productive of real developments.
